Below U.O.R.No.3485/48/102777 dated the 23rd December 1950, from Government in the Public Works Department.

No.Ex.1/12265 of 1950-51.

Bombay, 8th January 1951.

Returned, with compliments.

2. There is no objcetion to grant exemption from the operation of sub-rule (1) of rule 48 of the Indian Electricity Rules,1937, to the Government State Transports, so far as their own works in their own premisis are concerned, provided that a competency certificates holder is appointed at every place where there is a workshop, depot, bus-station or a garage, so that the electric installation works are carried out under the supervision of the Electrical Supervisor appointed for the place, and that the names of such Supervisors should be intimated from time to time to the Electric Inspector and the Supply Company concerned.

NOTIFICATION.

Public Works Department,
Bombay Ca tle Bombay No.1).
15th January 1951.

No.3485/48.- In exercise of the powers conferred by the first proviso the sub-rule (1) of rule 48 of the Indian Electrical Rules, 1937, the Government of Bombay is pleased to exempt the works carried out at the premises of the State Transport Corporation from so much of the said sub-rules (1) as requires such works to be carried out by an electrical contractor licensed by the State Government in that behalf, subject to the conditions that the State Transport Corporation shall appoint a competency certificate holder at every place where there is a workshop, depot, bus-station or a garage and that the works shall be carried out under the direct supervision of the electrical supervisor appointed for the place and that the names of such supervisors shall be reported from time to tim to the Electrical Inspector and the Electric Supply Company concerned.

No.ST/SE/7 080.

State Transport,Central Office,
81, Love Grove Road,Worli,
Naka, Bombay -18,
13th December 1950.

To:

The Deputy Secretary to
the Government of Bombay,
P.W.D. BOMBAY.

Sub: Permission to carry out works of electrical installations -

Sir,

The State Transport is constructing various buildings, such as Workshop,Garages,Depots, Bus Stations and Offices at various places, in the State of Bombay. Along with this constructions the work of electrical installation in these buildings is also required to be carried out. This work includes installation of electric pumps,electric motors, electric lights and other electrical machinery at our Workshop,Depots,Garages, Bus Stations etc.

2. Under Rule No.48 of the Indian Electricity Rules 1937, such work cannot be carried out except by the electrical contractors Licensed by the State Government. This rule however empowers the State Governments to grant exemption on such conditions as it may impose any such description of work, in case of any specified class of owners.

3. The State Transport Corporation has engaged fully qualified electrical staff, under each Executive Engineer, consisting of Foreman,Electricians,Wireman, etc. There are all qualified and experienced personnel possessing certificates of competency issued by State Government. It is economical and very convenient to carry out electrical installation work through our staff departmentally. Besides in some cases, it is likely that the State Transport may not get electric energy from the Supply Companies for use in its Workshop,Depots, etc. as the latter might not be able to meet such additional loads. In such cases State Transport is required to install its own.....

own generation sets. It is, therefore, necessary that the State Transport should be exempted from getting all these works done on its own premises, through the Licen sed Electrical Contractors. It is requested that the Go- vernement may kingly be moved to grant the Stae Transport Corporation,Bombay, necessary exemption by inserting such notification in the Official Gazettee as required under the rule 48 of the Indian Electricity Rules,so that we may be able to carry out these works Departmentally, through our own trained staff.

Very early issue of orders is requested.
